

# The Engagement Continuum

## Lesson Plan—Adults/Youth

### Supplies:

- Handout: The Engagement Continuum

### Procedure:

- **Distribute the handout:** Continuum of Engagement.
- **Think about this:** You can't make a disciple without getting to know a person. Look at the Engagement Continuum. At the far left end of the continuum, you don't know a person. At the far right, you know a person at a deep level. Who are not-yet believers that you know? Write a name in as many categories as you can.
- **Pray about this:** Ask God to show you how to get to know each of these people better. Also ask God to continue to bring people into your life.
