

The Engagement Continuum

Supplies:

- Handout: The Engagement Continuum

Procedure:

- **Distribute the handout:** Continuum of Engagement.
- **Think about this:** God wants us to get to know people—people who know him and people who don't. After all, you can't tell people about Jesus very well if you don't know them. Look at the Engagement Continuum. At the far left end of the continuum, you don't know a person. At the far right, you know a person at a deep level. Do you know people who don't know Jesus? Write a name in as many categories as you can.
- **Pray about this:** Ask God to show you how to get to know people better. Also ask God to continue to bring people into your life.
